*This publication will never be straightforward to get going on looking at but really fun to see. This can be for all those who statte that there had not been a worth looking at. You wont really feel monotony at at any moment of your own time (that's what catalogs are for about should you request me).

FOSSILS

Capstone Global Library Ltd. Paperback. Book Condition: new. BRAND NEW, Fossils, Rebecca Faulkner, This is a high-interest library and classroom resource to help students understand rock formation, processes and characteristics. Differentiated from the "Freestyle Geology Rocks" series of the same name, this parallel "Freestyle Express" series uses simplified text and an attractive layout with a clear sequence, making it easy for the less confident reader to follow. It is designed for 11-15 year pupils with a reading age of 8 years. It incorporates a lowered text level that allows struggling readers to access and understand the curriculum basics. It can be used in the classroom in conjunction with the Freestyle version.
