Banking Risk Management in a Globalizing Economy

By Panos Mourdoukoutas

Praeger. Hardcover. Book Condition: New. Hardcover. 184 pages. Dimensions: 9.5in. x 6.3in. x 0.8in. Banking is now an active asset-liability risk management enterprise, attributable in large part to the globalization of commerce. The authors of this descriptive yet practical, applications-oriented book examine the sources and management of traditional and nontraditional banking risks, then the conventional on-balance sheet and the modern off-balance sheet risk management methods. Unlike other more general risk management books, however, they focus closely on the use of financial derivatives--instruments to control the core risks attributable to credit and to fluctuations in interest and foreign exchange rates. The authors cover all this and more, giving experienced and novice practitioners both an easily accessed way to understand and cope with the banking risks they are already familiar with, and the new risks just emerging. The book will also be useful as a supplemental text in college-level courses on money and banking and on the operation of financial markets in general. The authors begin by explaining how banking has moved from a routine financial process to an active and impersonal process of risk management, from relationship banking to community banking. Even banks that have stayed with traditional lending are now assuming...
