

## Steamboats: Icons of America s Rivers (Paperback)

Filesize: 3.35 MB

### ***Reviews***

*The publication is easy in read better to understand. It is writter in basic words and phrases rather than hard to understand. You wont truly feel monotony at anytime of your respective time (that's what catalogues are for about if you question me).*

Bloomsbury Publishing PLC, United Kingdom, 2013. Paperback. Book Condition: New. 208 x 147 mm. Language: English . Brand New Book. Paddlewheel riverboat, showboat, sternwheeler: in all its myriad forms, the steamboat revolutionized American travel in the 1800s, taking millions of people inland and helping to settle and develop the vast territories beyond the original colonies. It was an era in which young boys dreamed of becoming steamboat pilots and Mark Twain immortalized the floating palaces that traveled up and down the Mississippi River. In this fascinating history, Sara Wright explains the factors that made the era perfect for the development of the steam engine and paddle boat, taking the reader far beyond the romantic image and revealing the steamboat as a vital and essential force in the development of the nation.
